SIR

Adverting to Government Order No L 7192-5/M 256-32-6 dated 5th April 1934, sanctioning an estimate for Rs 54,280/- for the scheme of water supply to Holenarasipur town, one third of Government share viz , Rs 18,090/- being made available in annual instalments of Rs 5000/- commencing from the year 1934-35 and Government Order No L 3112-14/M1 134-34-13 dated 30th October /1st November 1935 modifying the estimate to Rs 51,750/- and the Government share to Rs 17,250/-, I have the honour to state that the water supply work having now been completed, the Government grant of Rs 5,000/- for the year 1934-35 and Rs 36,000/- out of Rs 38,190/- Municipal contribution (as per first of the Government Orders referred to above) placed at the disposal of the Bureau of Sanitary Engineering, have been fully spent

The current year's grant of Rs 5,000/- is found hardly sufficient to pay all the pending bills The contractors are already pressing for payments and they will not remain silent losing interest on their money for two more years when the balance of Rs 7,250/-, Government share will be made available Copies of letters Nos 8184 dated 7th November 1935 from the Secretary, Stores Purchase Committee and 6046 dated 5th November 1935 from Mr A G Senapathy, No 2, Brigade Road, Bangalore, are enclosed for perusal of Government

2301 2

I therefore request you to be so good as to move Government to accord their early sanction for the payment of the balance of Government share out of Objection Book Advarce pending adjustment of the amount from the budget grants of the next two years

I have the horour to be,

3 Mr. Patel 256-32-6 relating to the sanctioning of the scheme is perhaps from this office

It may ascertained from the Comptroller's office that the loan has been drawn in full during 1934-35 on 30-6-34

5 The estimate is revised upto Rs 51,750, of which the Govt share is Rs 17,250 & by the Himalaya Rs 34,500

6 The MCC are stated to have so far paid Rs 36,000, and Govt have given Rs 10,000 including the grant of Rs 5000 this year So the amount required to make up the total estimate is Rs 5750, the whole of which has to be paid by Govt as also a sum of Rs 1500 paid in excess of their share by the MCC

7 The Director proposal is that the balance of Govt share be met out of Director's Contingency advance, pending adjustment from the budget grants of the next two years This is for orders

8 Out of the loan of Rs 40,000 sanctioned to the MCC for the work — the whole of which they have drawn —, only Rs 36,000 have been utilised & there is still a balance left of Rs 4000 If this has not been made use of otherwise, the MCC may perhaps be asked to make it available for payment of the pending bills subject to recoupment from the Govt grant next year

I am desired to invite your reference to this office letter o 8184 dated 7th November 1935 regarding the adjustment of the bill of Messrs Jewell Export Filter Co , on account of filter plant supplied to Kole-Narasipur It is understood from the firm's representative that the bill is still unadjusted He showed me a letter in which his principals write to him stating that in order to avoid being out of pocket for a long time they would have to think of accepting orders only on condition of payment with order or against railway receipts You will perhaps agree that it would not conduce to our securing competitive prices on our purchases if we give them the impression that their bills for supplies would not be met promptly

I am to request you to be so good as to look into the matter and see that payment is arranged immediately and the fact advised to this office

Ref - Holerarasipur Filter Bill

Our bill in connection with above was sent on the 16th August 1935, long after the despatch of the materials and to this day my Principals have not been favoured with payment

It is needless to mention that in these days of depression and severe competition, our prices are so cut that my Principals hardly make anything on these contracts except the satisfaction of continuing the relation and patronage of your esteemed Government

In turn we atleast expect early settlement of our bills as otherwise the interest we lose on these adds to our loss if not reduces our profit almost to nil

At the special request of my Principals, I have been calling on Sanitary Engineer to expedite the payment and to this day we have not been favoured with the settlement

Therefore, without prejudice to our interest, I request that you will kindly intercede to effect early payment for which we shall feel highly grateful and remain always at your service

Thanking you for the past favours and look forward to be favoured with your continued favours
